## MEDIA RELEASE

### **Allied Moulded Products, Inc. Releases Heavy-Duty Fan Support Box**

FiberglassBOX™ Nonmetallic Fan Support Boxes with Bar Hangers for New Work Applications

BRYAN, Ohio, March 26, 2015 – Allied Moulded Products, Inc., manufacturer of fiberglass reinforced nonmetallic outlet boxes for residential construction, is pleased to announce the release of its new fan support box with heavy-duty bar hanger, part number 9369-FRBKB. This new ceiling fan/fixture support box is rated for use in 16" and 24" on-center joist applications and meets both UL® deflection and 2011 National Electrical Code (Section 314.27) requirements.

The 9369-FRBKB bar-mount fan and fixture support box features a 4" diameter fiberglassBOX™ outlet box with a volume of 16 cubic inches. Paddle fan bracket and fixture straps mount on a bolt-and-bracket system. This new product boasts higher ratings up to and including 70 lbs. fan support and 125 lbs. fixture support. The universal heavy-duty bar can be mounted in 16" or 24" on-center joist applications. The bar also features positioning tabs for easy joist placement. A plaster cover is provided for retaining the mounting hardware and protecting the box during the finishing stages of construction.
